Benefits from Coral Life

Derived from the Coral Reefs in Okinawa, Japan; it is easily digested in the body (unlike other calcium supplements) where it neutralized the acid and helps keep the body in an alkaline condition.

Helps to maintain strong bones and teeth.

Reduces your risk of acquiring osteoporosis, and various forms of arthritic conditions.

Helps your body utilize minerals more effectively.

Calcium is known to activate the enzymes within more than 300 cellular activities and metabolic actions.

CORAL LIFE

NEUTRALIZES ACIDS

Reduces your risk of acquiring osteoporosis, and various forms of arthritic conditions.

CORAL LIFE

Calcium – one of the single most important mineral for your good health. Enriching Gifts Coral Life offers you the most bio-available form of calcium known.

Enriching Gifts Coral Life is **COMPLETELY ABSORBED** by your body, unlike synthetic products.

Coral Life neutralizes acid and maintains pH balance throughout your body and contributes to the strength, health and function of every single cell.

Coral Calcium was first introduced from the Coral Reefs in Okinawa, Japan to the US market by nutritional formulator **Ronald K. Schneider** because it met his extremely high standards for Enriching Gifts products.
