Metabolic Complete with GR8CF-77™

Metabolic Complete is formulated with the most researched nutritional ingredients on the market today, standardized to the highest possible potency. This unique and unparalleled formula delivers the highest bio-available form of nutrients and anti-oxidants into the digestive system to support the vital metabolic cell function of the body.

CoQ10 is a miracle nutrient for the heart and cardiovascular system, inadequate amounts of CoQ10 can cause our body’s cells to age and become damaged prematurely. Metabolic Complete also contains chlorophyll from kelp and Algae to help oxygenate to blood. This formulation also contains Grape-seed extract standardized to 95% proanthocyanidins, the most effective anti-oxidant yet discovered to neutralize the damaging environmental “ free radicals.”

White pine bark from France has shown an ability to cross the blood brain barrier and is one of the most effective “free radical scavengers.” These two anti-oxidants are up to 50 times more potent than vitamin C and other related anti-oxidant sources. Free radicals if un-neutralized, damage the DNA of cells which can become weak, damaged and cancerous.

Other significant ingredients are:

MSM, essential for cellular function. Shark Cartilage, proven to be effective against cancer and high polysaccharides and analgesic properties. Cats Claw for healthy immune system functioning and whole foods micro-nutrients to support metabolic activity that is impaired as a result of our modern day “fast food” diet.
